

## Seeking Truth: Living with Doubt

By Marshall Onellion

AuthorHouse. Paperback. Book Condition: New. Paperback. 316 pages. Dimensions: 8.9in. x 5.9in. x 0.8in. Exploring the intersection of art, science and religion, Seeking Truth: Living with Doubt considers that all three are paths to the same end. Attacking not only the unyielding smugness of evolutionary biologists but also the uncompromising surety of Fundamentalist figureheads (in both the Christian and Islamic faiths), author Steven Fortney and Marshall Onellion take the reader on a path that disavows all such certainties and considers the thought-provoking question; What does it mean to live with doubt? Far from leaving questions unanswered, instead they tackle such questions as proof versus faith, the impossibility of absolute understanding, and how a combination of art, science and religion can lead to a transcendence of that which we cannot know. In so doing, they expose the dangers of certainty, be it in religion, science or any other ideology that claims to offer absolute truth. Seeking Truth: Living with Doubt has been endorsed by theologians (Arthur Dewey, Professor of Theology, Xavier University a Jesuit University, Ohio, USA), biologists (Clark Lindgren, Grinnell College, Iowa, USA), and physicists (Narendra Kumar, Director of the Raman Research Institute, Bangalore, India), by Christians, Jews, Hindus and Buddhists....
