Central European University Press, United States, 1994. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The authors of this treatise attempt to provide a deeper understanding of the economic and political transformations now taking place in Poland, Hungary and the Czech Republic. They build up a detailed picture of the privatization process in the retail trade, catering and more general services. Not only are these sectors strongly relevant to consumers in these countries, but they also offer attractive possibilities for property ownership on a mass scale, as well as for the fostering of the small enterprises and entrepreneurial spirit that will be so important in the future.
