Have you ever wondered why the rich are always rich and the poor struggle all their life to make some money? This book intends to explain this paradigm and the main differences between the highest and lowest social classes, while introducing the concepts that make them be different. Reading this book will help you understand why you think the way you do and how to change it, but also how to activate a magnetic mindset that will help you attract all the power and money you have ever wished for. This book will reveal secrets that you will die without if not reading it, because they are among some of the biggest well-hidden secrets in mankind for millions of years. It is because of them that some families are rich for hundreds of years and dozens of generations. This is your chance to change your legacy and the path of the next generations under your name.
